

Solar Home Lighting and Charger System Système d'éclairage et chargeur solaire

Nadji.Bi is introducing a new high quality mini solar system kit with 3 LED Bulbs using switches and 5 meters cables.

Technology	Surface Mounted LED Bulb
Maximum LEDs Power	90 Lumens
Brightness Modes	1 Mode with Switch
Battery	Lithium-Ion Battery of 8 800 mAH
Battery Cycles	500
Voltage	3,7 Volts
Battery Capacity	32,56 Watts Heure
Autonomy with 3 LED Bulbs of 2W	9 Heures
Autonomy with 1 LED Bulbs of 2W	28 Heures
Solar Module	6 Watts Crêtes
Charging Time by STC*	7,5 Heures
Ingress Protection (Module-Box)	IP65-IP44
Certifications	CE, RoHS
Weight	2 Kilos
Pieces per Pallet - Cubic Meter per Pallet	200 Pieces - 1 CBM

Included:

Product Presentation:

Made in Senegal

Warranty 12 months

100% Mobile Charging
